

6 Fibers LC to SC 9/125 Single Mode Multi-Fiber Pre-Terminated

Breakout Trunk Cable

LC-SC-6F-SMF-BO-XX

This picture is 12 fibers LC UPC to LC UPC SM 9/125 fiber cable for your reference

Description

This cable meets RoHS compliant, and 100% optically tested for insertion loss before shipment, this is very cost-effective for your network cabling, and can be used for longer runs than multimode because they have more resistance to attenuation.

The multifiber cables, provided by Fiberstore, refer to the 4, 6, 8, 12, 24 and 48 cores. We also provide a full set of OEM service, such as fiber, connector, length, color, fiber grade, specification, material, package etc.

Specifications

Connector	LC to SC	Fiber Counts	6
Fiber Mode	9/125µm	Jacket Color	Yellow
Breakout O.D	0.9mm	Jacket Material	PVC
