

Single Fiber Round Cable GJFJH

Product Structure

Product Description

GJFJH (Tight buffer fiber structure, Aramid yarn strength member, LSZH jacket)

Standard

YD/T 1258. 2-2009 Indoor fiber optical cable The second part: Terminal cable assembly with single core and dual core cable

Technical Parameters

Fiber count	Specifications (mm)	Weight (kg/km)	Tensile(N)		Crush(N)		Bending Radius(mm)	
			Long term	Short term	Long term	Short term	Static	Dynamic
1	1.6	2.0	40	80	200	500	30	60
1	1.8	2.3	40	80	200	500	30	60
1	2.0	3.0	40	80	200	500	30	60
1	2.4	4.8	40	80	200	500	30	60
1	3.0	6.7	60	120	200	500	30	60

Note: 1.The relevant technical parameters can be adjusted according to the customer's demands;
2.PVC and other materials can be used as jacket according to the customer's demands.
